PROJECTS

- **Whistle – Anonymous Reporting Platform** *Next.js, Tailwind CSS, MongoDB, Node.js* [Live](#) , [GitHub](#) Built a secure anonymous reporting platform with role-based access and protected report submission workflows. Developed REST APIs for report management, media uploads, and status tracking using MongoDB and Express.js. Implemented responsive UI components and integrated authentication for secure access control.
- **Human Resource Management System (HRMS)** *React.js, Node.js, Express.js, MongoDB* [GitHub](#) Built a full-stack Human Resource Management System to streamline employee management, attendance tracking, leave processing, payroll management, and recruitment workflows. Implemented role-based access control, dashboard analytics, and report generation using a modular MERN architecture. Designed responsive user interfaces and RESTful APIs for efficient HR operations.

EXPERIENCE

- Java Developer Intern (Infosys Springboard)**, Infosys Feb 2026 - Apr 2026
- Developed Java-based modules for a Smart Home Management System during a structured internship program.
 - Collaborated on implementing device control workflows and basic automation features.
- AI & XR Technology Intern (Naan Mudhalvan)**, E16 AI XR Technologies Pvt. Ltd. Feb 2026
- Worked on a mini project related to audio frequency comparison and voice similarity analysis.
 - Learned basic concepts of signal processing, feature extraction, and experimental AI workflows.
- MERN Stack Developer Intern**, Aigetai Nov 2025 – Dec 2025
- Developed backend APIs using Node.js and Express.js for web application features.
 - Integrated frontend and backend modules using REST APIs and MongoDB.
- Full Stack Developer Intern**, Xonther Jan 2024 – Jun 2024
- Built responsive frontend pages using React and Next.js.
 - Developed REST APIs using Node.js and Express.js for application workflows.
 - Worked on reusable UI components and API integration for full stack development.

TECHNICAL SKILLS
